

You Got Served

What about this volleyball team made your senior year memorable?

Seeing and being a part of THAT TEAM that didn't give up in the game against Bronte. That game and this team made my senior year memorable. Thank you ladies. :)

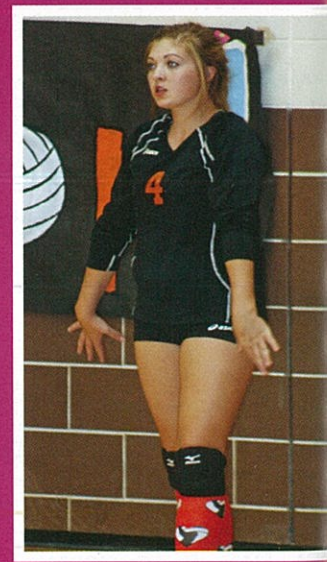

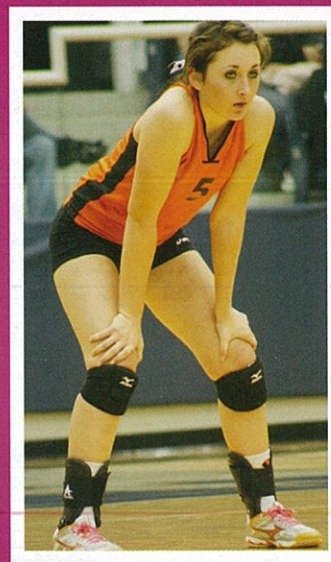

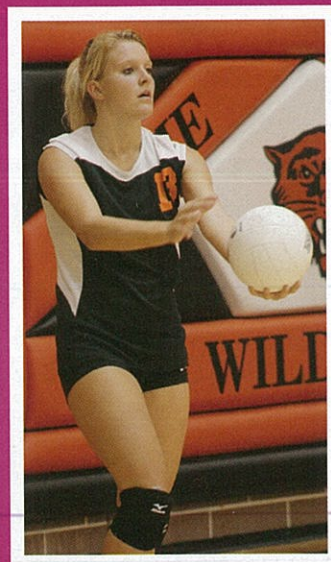

- Senior Taryn Curtis

The trips were a blast! The coaches were great and definitely a lot of fun. Coach Jones taught us to keep going and to have faith. The last game against Bronte was such a heartbreaker, but we had fun and played with our all. This season was by far my favorite.

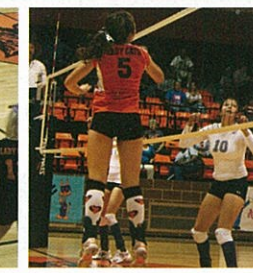

- Senior Whitney Garland

The friendships created between us as a team are something I will never forget. Also, knowing that every one of us gave it our all during the Bronte game really made my senior year unforgettable.
