Tyler x 2 Interview

What made this basketball season different from others?

Abila: Coach Jones got his first technical. That can never happen again.

Richardson: We were an older team this year. The team consisted of juniors and seniors mostly.

What did you learn throughout this season that you will use next year as a senior?

Richardson: I learned great leadership from Shea!

Abila: I learned teamwork; with teamwork, things get done.

Who is your favorite professional basketball player and why?

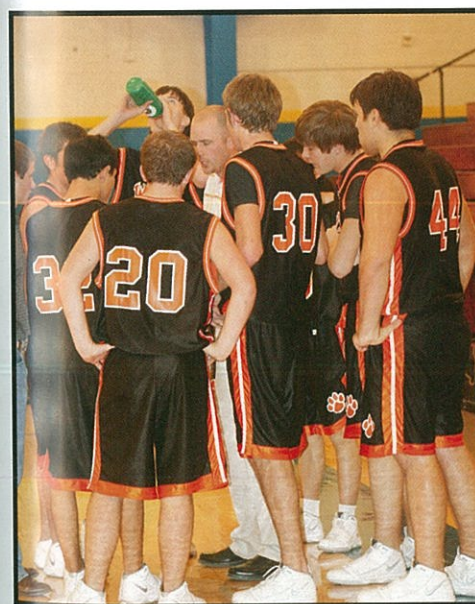

Richardson: Allen Iverson because he's just a straight up baller.

Abila: Steve Nash because he can pass, play, and shoot.

How do you think your basketball skills have improved over the years?

Abila: My passing skills have improved.

Richardson: From my freshman year to now, I'm not as timid to shoot the ball.
